

FISCAL NOTE

House Bill 110

Committee: State Governmental Affairs

Sponsor: Representative Parker Moore

Analyst: Tiffany Weaver

Date: 05/12/2023

House Bill 110 as passed the House of Representatives would increase the administrative obligations of the Alabama Board of Physical Therapy by a small, undetermined amount to implement the provisions of this bill and the Physical Therapy Licensure Compact. The board's increased obligations could be offset, wholly or partly, by an undetermined amount, from the board's ability to assess administrative penalties and a board estimated \$11,400 biennially to impose compact privilege licensing fees upon licensees from compact states.
