Joint Budget Committee. Telecommunications relay services are telecommunications services that provide 2-way communication for

individuals with hearing or speech disabilities. Telecommunications relay services are funded in Colorado through the Colorado disabled telephone users fund (fund). Money in the fund is provided through a surcharge that the public utilities commission (commission) assesses on each telephone landline in Colorado. **Section 4** of the bill renames the fund the Colorado telephone users with disabilities fund, with conforming amendments in **sections 1, 5, and 6.**

Sections 2 and 3 apply the surcharge to customers of mobile wireless providers, referred to as commercial mobile radio service providers, and voice-over-internet protocol service providers in Colorado.

Section 7 appropriates \$172,778 in the 2016-17 state fiscal year from the Colorado telephone users with disabilities fund to the Colorado commission for the deaf and hard of hearing cash fund and reappropriates the money to the department of human services for implementation of the bill by the Colorado commission for the deaf and hard of hearing.
