

PROPOSED AMENDMENT

HB 1243 # 2

DIGEST

Computer science. Removes provisions from the bill that do the following: (1) Requires each public high school to offer, after June 30, 2028, at least once each school year at least one computer science course as a separate subject in the public high school's curriculum. (2) Requires, beginning with the cohort of students who are expected to graduate from a public school or a state accredited nonpublic school in 2029, a student to successfully complete instruction on computer science as a separate subject before the student may graduate.
