16 section 404.825. A health care provider or health care facility may rely in the exercise of good faith
17 and in accordance with reasonable medical judgment upon the health care decisions made for a
18 patient by a designated health care decision-maker selected in accordance with section 404.1104,
19 provided two licensed physicians determine, after reasonable inquiry and in accordance with
20 reasonable medical judgment, that such patient is incapacitated and has neither a guardian with
21 medical decision-making authority appointed in accordance with chapter 475, an attorney in fact
22 appointed in a durable power of attorney for health care in accordance with sections 404.800 to
23 404.865, is not a child under the jurisdiction of the juvenile court under section 211.031, nor any
24 other known person who has the legal authority to make health care decisions.

25 404.1103. Upon a determination that a patient is incapacitated, the physician or another
26 health care provider acting at the direction of the physician shall make reasonable efforts to inform
27 potential designated health care decision-makers set forth in section 404.1104 of whom the
28 physician or physician's designee is aware, of the need to appoint a designated health care decision-
29 maker. Reasonable efforts include, without limitation, identifying potential designated health care
30 decision makers as set forth in subsection 1 of section 404.1104, a guardian with medical decision-
31 making authority appointed in accordance with chapter 475, an attorney in fact appointed in a
32 durable power of attorney for health care in accordance with sections 404.800 to 404.865, the
33 juvenile court under section 211.031, or any other known person who has the legal authority to
34 make health care decisions, by examining the patient's personal effects and medical records. If a
35 family member, attorney in fact for health care or guardian with health care decision-making
36 authority is identified, a documented attempt to contact that person by telephone, with all known
37 telephone numbers and other contact information used, shall be made within twenty-four hours after
38 a determination of incapacity is made as provided in section 404.1102.

39 404.1104. 1. If a patient is incapacitated under the circumstances described in section
40 404.1102 and is unable to provide consent regarding his or her own health care, and does not have a
41 legally appointed guardian, an agent under a health care durable power of attorney, is not under the
42 jurisdiction of the juvenile court, or does not have any other person who has legal authority to
43 consent for the patient, decisions concerning the patient's health care may be made by the following
44 competent persons in the following order of priority, with the exception of persons excluded under
45 subsection 4 of section 404.1104:

46 (1) The spouse of the patient, unless the spouse and patient are separated under one of the
47 following:

48 (a) A current dissolution of marriage or separation action;

1 **(b) A signed written property or marital settlement agreement;**
2 **(c) A permanent order of separate maintenance or support or a permanent order approving a**
3 **property or marital settlement agreement between the parties;**

4 **(2) An adult child of the patient;**

5 **(3) A parent of the patient;**

6 **(4) An adult sibling of the patient;**

7 **(5) Grandparent or adult grandchild;**

8 **(6) Niece or nephew or the next nearest other relative of the patient, by consanguinity or**
9 **affinity;**

10 **(7) A person who is a member of the same community of persons as the patient who is**
11 **bound by vows to a religious life and who conducts or assists in the conducting of religious services**
12 **and actually and regularly engages in religious, benevolent, charitable, or educational ministry, or**
13 **performance of health care services;**

14 **(8) Any nonrelative who can demonstrate that he or she has a close personal relationship**
15 **with the patient and is familiar with the patient's personal values; or**

16 **(9) Any other person designated by the unanimous mutual agreement of the persons listed**
17 **above who is involved in the patient's care.**

18 **2. If a person who is a member of the classes listed in subsection 1 of this section,**
19 **regardless of priority, or a health care provider or a health care facility involved in the care of the**
20 **patient, disagrees on whether certain health care should be provided to or withheld or withdrawn**
21 **from a patient, any such person, provider, or facility, or any other person interested in the welfare of**
22 **the patient may petition the probate court for an order for the appointment of a temporary or**
23 **permanent guardian in accordance with subsection 8 of this section to act in the best interest of the**
24 **patient.**

25 **3. A person who is a member of the classes listed in subsection 1 of this section shall not be**
26 **denied priority under this section based solely upon that person's support for, or direction to provide,**
27 **withhold or withdraw health care to the patient, subject to the rights of other classes of potential**
28 **designated decision-makers, a healthcare provider, or healthcare facility to petition the probate court**
29 **for an order for the appointment of a temporary or permanent guardian under subsection 8 of this**
30 **section to act in the best interests of the patient.**

31 **4. Priority under this section shall not be given to persons in any of the following**
32 **circumstances:**

33 **(1) If a report of abuse or neglect of the patient has been made under section 192.2475,**
34 **198.070, 208.912, 210.115, 565.188, 630.163 or any other mandatory reporting statutes, and if the**
35 **health care provider knows of such a report of abuse or neglect, then unless the report has been**
36 **determined to be unsubstantiated or unfounded, or a determination of abuse was finally reversed**
37 **after administrative or judicial review, the person reported as the alleged perpetrator of the abuse or**
38 **neglect shall not be given priority or authority to make health care decisions under subsection 1 of**
39 **this section, provided that such a report shall not be based on the person's support for, or direction to**
40 **provide, health care to the patient;**

41 **(2) If the patient's physician or the physician's designee reasonably determines, after making**
42 **a diligent effort to contact the designated health care decision-maker using known telephone**
43 **numbers and other contact information and receiving no response, that such person is not reasonably**
44 **available to make medical decisions as needed or is not willing to make health care decisions for the**
45 **patient; or**

46 **(3) If a probate court in a proceeding under subsection 8 of this section finds that the**
47 **involvement of the person in decisions concerning the patient's health care is contrary to instructions**
48 **that the patient had unambiguously, and without subsequent contradiction or change, expressed**

1 before he or she became incapacitated. Such a statement to the patient's physician or other health
2 care provider contemporaneously recorded in the patient's medical record and signed by the patient's
3 physician or other health care provider shall be deemed such an instruction, subject to the ability of
4 a party to a proceeding under subsection 8 of this section to dispute its accuracy, weight, or
5 interpretation.

6 5. (1) The designated health care decision-maker shall make reasonable efforts to obtain
7 information regarding the patient's health care preferences from health care providers, family,
8 friends, or others who may have credible information.

9 (2) The designated health care decision-maker, and the probate court in any proceeding
10 under subsection 8 of this section, shall always make health care decisions in the patient's best
11 interests, and if the patient's religious and moral beliefs and health care preferences are known and
12 not inconsistent with the patient's best interests, in accordance with those beliefs and preferences.

13 6. This section does not authorize the provision or withholding of health care services that
14 the patient has unambiguously, without subsequent contradiction or change of instruction, expressed
15 to the patient's physician or other health care provider that he or she would or would not want at a
16 time when such patient had capacity. Such a statement to the patient's physician or other health care
17 provider, contemporaneously recorded in the patient's medical record and signed by the patient's
18 physician or other health care provider, shall be deemed such evidence, subject to the ability of a
19 party to a proceeding under subsection 8 of this section to dispute its accuracy, weight, or
20 interpretation.

21 7. A designated health care decision-maker shall be deemed a personal representative for the
22 purposes of access to and disclosure of private medical information under the Health Insurance
23 Portability and Accountability Act of 1996 (HIPAA), 42 U.S.C. Section 1320d and 45 CFR 160-
24 164.

25 8. Nothing in sections 404.1100 to 404.1110 shall preclude any person interested in the
26 welfare of a patient including, but not limited to, a designated health care decision-maker, a member
27 of the classes listed in subsection 1 of this section regardless of priority, or a health care provider or
28 health care facility involved in the care of the patient, from petitioning the probate court for the
29 appointment of a temporary or permanent guardian for the patient including expedited adjudication
30 under chapter 475.

31 9. Pending the final outcome of proceedings initiated under subsection 8 of this section, the
32 designated health care decision-maker, health care provider, or health care facility shall not withhold
33 or withdraw, or direct the withholding or withdrawal, of health care, nutrition, or hydration whose
34 withholding or withdrawal, in reasonable medical judgment, would result in or hasten the death of
35 the patient, would jeopardize the health or limb of the patient, or would result in disfigurement or
36 impairment of the patient's faculties. If a health care provider or a health care facility objects to the
37 provision of such health care, nutrition, or hydration on the basis of religious beliefs or sincerely
38 held moral convictions, the provider or facility shall not impede the transfer of the patient to another
39 health care provider or health care facility willing to provide it, and shall provide such health care,
40 nutrition, or hydration to the patient pending the completion of the transfer. For purposes of this
41 section, artificially supplied nutrition and hydration may be withheld or withdrawn during the
42 pendency of the guardianship proceeding only if, based on reasonable medical judgment, the
43 patient's physician and a second licensed physician certify that the patient meets the standard set
44 forth in subdivision (2) of subsection 1 of section 404.1105. If tolerated by the patient and adequate
45 to supply the patient's needs for nutrition or hydration, natural feeding should be the preferred
46 method.

47 404.1105. 1. No designated health care decision-maker may, with the intent of hastening or
48 causing the death of the patient, authorize the withdrawal or withholding of nutrition or hydration

1 supplied through either natural or artificial means. A designated health care decision-maker may
2 authorize the withdrawal or withholding of artificially supplied nutrition and hydration only when
3 the physician and a second licensed physician certify in the patient's medical record based on
4 reasonable medical judgment that:

5 (1) Artificially supplied nutrition or hydration are not necessary for comfort care or the
6 relief of pain and would serve only to prolong artificially the dying process and where death will
7 occur within a short period of time whether or not such artificially supplied nutrition or hydration is
8 withheld or withdrawn; or

9 (2) Artificially supplied nutrition or hydration cannot be physiologically assimilated or
10 tolerated by the patient.

11 2. When tolerated by the patient and adequate to supply the patient's need for nutrition or
12 hydration, natural feeding should be the preferred method.

13 3. The provisions of this section shall not apply to subsection 3 of section 459.010.

14 404.1106. If any of the individuals specified in section 404.1104 or the designated health
15 care decision-maker or physician believes the patient is no longer incapacitated, the patient's
16 physician shall reexamine the patient and determine in accordance with reasonable medical
17 judgment whether the patient is no longer incapacitated, shall certify the decision and the basis
18 therefor in the patient's medical record, and shall notify the patient, the designated health care
19 decision-maker, and the person who initiated the redetermination of capacity. Rights of the
20 designated health care decision-maker shall end upon the physician's certification that the patient is
21 no longer incapacitated.

22 404.1107. No health care provider or health care facility that makes good faith and
23 reasonable attempts to identify, locate, and communicate with potential designated health care
24 decision-makers in accordance with sections 404.1100 to 404.1110 shall be subject to civil or
25 criminal liability or regulatory sanction for the effort to identify, locate, and communicate with such
26 potential designated health care decision-makers.

27 404.1108. 1. A health care provider or a health care facility may decline to comply with the
28 health care decision of a patient or a designated health care decision-maker if such decision is
29 contrary to the religious beliefs or sincerely held moral convictions of a health care provider or
30 health care facility.

31 2. If at any time, a health care facility or health care provider determines that any known or
32 anticipated health care preferences expressed by the patient to the health care provider or health care
33 facility, or as expressed through the patient's designated health care decision-maker, are contrary to
34 the religious beliefs or sincerely held moral convictions of the health care provider or health care
35 facility, such provider or facility shall promptly inform the patient or the patient's designated health
36 care decision-maker.

37 3. If a health care provider declines to comply with such health care decision, no health care
38 provider or health care facility shall impede the transfer of the patient to another health care
39 provider or health care facility willing to comply with the health care decision.

40 4. Nothing in this section shall relieve or exonerate a health care provider or a health care
41 facility from the duty to provide for the health care, care, and comfort of a patient pending transfer
42 under this section. If withholding or withdrawing certain health care would, in reasonable medical
43 judgment, result in or hasten the death of the patient, such health care shall be provided pending
44 completion of the transfer. Notwithstanding any other provision of this section, no such health care
45 shall be denied on the basis of a view that treats extending the life of an elderly, disabled, or
46 terminally ill individual as of lower value than extending the life of an individual who is younger,
47 nondisabled, or not terminally ill, or on the basis of the health care provider's or facility's
48 disagreement with how the patient or individual authorized to act on the patient's behalf values the

1 tradeoff between extending the length of the patient's life and the risk of disability.

2 404.1109. No health care decision-maker shall withhold or withdraw health care from a
3 pregnant patient, consistent with existing law, as set forth in section 459.025.

4 404.1110. Nothing in sections 404.1100 to 404.1110 is intended to:

5 (1) Be construed as condoning, authorizing, or approving euthanasia or mercy killing; or

6 (2) Be construed as permitting any affirmative or deliberate act to end a person's life, except
7 to permit natural death as provided by sections 404.1100 to 404.1110."; and

8
9 Further amend said bill by amending the title, enacting clause, and intersectional references
10 accordingly.
