Amendment to SB 333

1 Amend the title of the bill by replacing it with the following:

2

3 AN ACT relative to pharmacy interns and vaccinations, and relative to the definition of  
4 compounding of prescription drugs.  
5

6 Amend the bill by inserting after section 1 the following and renumbering the original section 2 to  
7 read as 3:  
8

9 2 Pharmacies; Definition of Compounding. Amend RSA 318:1, III-a to read as follows:

10 III-a. "Compounding" means the preparation, mixing, assembling, packaging or labeling of  
11 a drug or device as a result of a practitioner's prescription drug order or initiative based on the  
12 pharmacist-patient-prescriber relationship in the course of professional practice or, for the purpose  
13 of, or as an incident, to research, teaching, or chemical analysis, but not selling or dispensing.  
14 [~~"Compounding" also includes the preparation of drugs or devices in anticipation of prescription~~  
15 ~~drug orders based on routine, regularly observed prescribing patterns.~~] "Compounding" shall not  
16 include [~~the reconstitution of powdered formulations before dispensing or~~] **reconstituting,**  
17 **diluting, or mixing a single dose for immediate administration to an individual patient of**  
18 **a commercially available drug or licensed biologic when done in accordance with the**  
19 **manufacturer's approved labeling or instructions, nor shall it include** the **simple** addition  
20 of flavoring.

**Amendment to SB 333**

**AMENDED ANALYSIS**

This bill allows a pharmacy intern under the supervision of a pharmacist to administer hepatitis A, hepatitis B, Tdap, MMR, and meningococcal vaccines. This bill also clarifies certain procedures as not included in the definition of compounding of prescription drugs by pharmacists.
