### **Section 3.**

38  
39  
40 "(a) The legislature finds that federal funding and the  
41 resulting capacity for responsible management of federal public  
42 lands are in serious jeopardy while critical threats such as  
43 beetle kills, invasive species, watershed degradation, access  
44 restrictions and catastrophic wildfires continue to escalate.

1  
2       (b) The legislature further finds that the enabling act  
3 creating the state of Wyoming includes specific provisions for  
4 the disposal of public lands and guarantees admittance into the  
5 union on equal footing with all other states. Wyoming, like  
6 other western states, has not received the full benefit of the  
7 provisions of the enabling act, related to the disposal of lands  
8 from the federal government. More specifically, section 7 of the  
9 act of admission requires "Five percent of the proceeds of the  
10 sales of public lands lying within said state .... shall be paid  
11 to the said state .... for the support of the common schools  
12 within said state.".
